SOCIAL DISTANCING

CDC suggests a minimum of **SIX FEET** from one another to help mitigate the spread of COVID-19. Wear cloth face coverings in public settings where other social distancing measures are difficult to maintain.

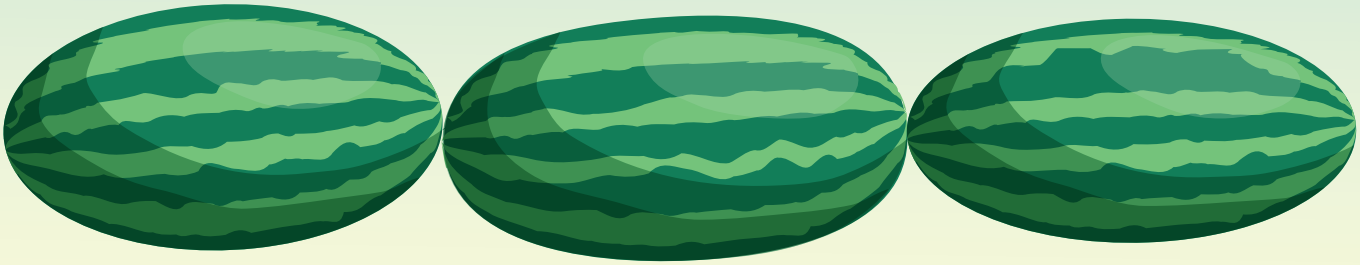
What does that look like? Here is a chart from our agriculture friends to help you visualize.

6 FEET

18 Tomatoes (4 inches)

9 Ears of Corn (8 inches)

6 Summer Squash (12 inches)



3 Watermelons (24 inches)
