

RESOLUTION 2001-08
of the
Arkansas Soil and Water Conservation Commission

WHEREAS, landowners in southern Arkansas County have proposed to form an irrigation and water conservation district called, LUTFA;

WHEREAS, the objectives of LUTFA include using additional surface water from the Arkansas River to achieve a significant reduction in ground water use.

NOW, THEREFORE BE IT RESOLVED, by the Arkansas Soil & Water Conservation Commission that the Commission is in unanimous accord with the formation of this district and encourages the landowners to submit a petition for formation to the circuit court.

BE IT FURTHER RESOLVED, that the Commission is committed to working with this district when formed in order that the landowners may qualify for all of the regulatory exemptions that they can demonstrate they are entitled to through water conservation.

Adopted this 15th day of November, 2001.

**ARKANSAS SOIL AND WATER
CONSERVATION COMMISSION**
