SECRETARY OF AGRICULTURE

May 25, 2018

ADVISORY STATEMENT

The Arkansas State Plant Board continues to receive numerous calls concerning the off target movement of Loyant Herbicide. The ASPB reminds applicators to be sure to read the product label and abide by all application restrictions. Please remember that this is new technology, thus egregious violations involving Loyant can be considered for the new \$25,000 per incident fine in the regulatory penalty matrix. Soybeans are extremely sensitive to Loyant Herbicide drift. The Plant Board advises applicators to exercise extreme caution when making applications near sensitive areas and non-target susceptible crops.

If you have questions or to report a pesticide complaint, call the Pesticide Division 501-225-1598.

Terry Walker
Director
Arkansas State Plant Board
