Funding Application Procedures

- 1. The Conservation District and NRCS will handle distribution of funding application.
- 2. Funding Application will be completed by the cooperator(s).
- 3. Cooperator will contact the District to obtain project approval for the project plan to be implemented.
- 4. Once the funding application has been completed, the document will be returned to the Conservation District
- 5. Conservation District will approve/disapprove funding application
- 6. Conservation District affirms inspections will occur, at a minimum, upon completion of the project.
- 7. The original funding application will be filed at the Conservation District office.
