(Little Rock) - The Arkansas Natural Resources Commission announced today, approval of a loan in an amount up to \$360,000 from the Arkansas Drinking Water State Revolving Loan Fund to the city of Wilton (Little River County), according to Commission Chairman Sloan Hampton. The loan repayment schedule will not exceed 10 years or the life of the project. The Executive Director will establish the combined annual borrower rate and additional loan terms and conditions. Wilton will be required to set aside 3% of gross revenues in a depreciation fund for this loan.

"The funds will be used to make water storage tank repairs and will serve 190 customers," said Mark Bennett, ANRC Water Development Division Manager.
