Please indicate species by C -cattle, G - goats, SH - sheep, SW -swine, H - horse, O - other

*A separate listing of official animal identification numbers may be attached to this form.

Directions for Arkansas Owner-Shipper Statement (OSS)

The OSS is to be used to cross the Arkansas border with live animals in specific situations in lieu of an Interstate Certificate of Veterinary Inspections (ICVI).

The primary use of an OSS will be to move livestock from a farm outside of Arkansas to an approved livestock market in Arkansas. The form must be completely filled with the owner/shipper's information and the livestock market or buying station to which the livestock is moved. If the animals already have official ID the official ID must be listed. If the owner/shipper is unable to read the ID or the livestock do not have ID and the owner/shipper is unable to apply the ID, and the livestock is going directly to a livestock market or a buying station, the ID will be read or applied at the livestock market or buying station.

Any questions as to what constitutes official ID for each species, the owner/shipper can contact the Arkansas State Veterinarian's office at 501-907-2400. As far as official tags are concerned, to be official the tag must be an 840 tag or have the US shield on the tag.
