(Little Rock) - The Arkansas Natural Resources Commission announced today, approval of a loan in an amount up to \$51,400,000 from the Arkansas Clean Water State Revolving Loan Fund to the city of Little Rock (Pulaski County), according to Commission Chairman Fred Fowlkes. The loan repayment schedule will not exceed 30 years. The Executive Director will set the combined borrower rate and loan terms. Approval is contingent upon the Applicant establishing and maintaining a depreciation reserve or other reserve fund acceptable to the Executive Director.

"The funds will be used for the rehabilitation of the existing collection system or installation of a new sanitary sewer main. This project will serve 69,410 customers," said Mark Bennett, ANRC Water Development Division Manager.
