Wes Ward
Secretary of Agriculture

April 21, 2020

**Plant Industry Division
Bureau of Standards
Website Posting for Fuel Waiver Request**

Consistent with the recent EPA directive, and pursuant to EO 20-16, the Bureau of Standards is waiving the fuel volatility requirement (RVP) that adopts ASTM D4814 fuel standards. The waiver will facilitate the distribution of ASTM Vapor Class C-3 gasoline at the bulk delivery facilities after May 20, 2020 and at retail gasoline stations until supplies are depleted.

The Arkansas Department of Agriculture will work closely with the EPA in the event of any additional extensions.

For more information see the link to the EPA's Fuel Waiver Concerning Summer Gasoline:
