

2021 Destruction Request Form

OFFICE USE ONLY

- **No destruction of any hemp material is authorized until you receive approval in writing from the Department, or without a Department representative present.**
- **The Department will determine on a case-by-case basis whether a licensee can destroy hemp material with or without a Department or law enforcement witness present, dependent on the nature of the Destruction Request. If your destruction is approved, you MUST provide the Department with photographic evidence of the destruction method taking place on your hemp plot(s).**
- This request form is due in the event of failed plantings, failed crop emergence, research only plots, noncompliant hemp testing above the acceptable THC level, rogued male plants, etc., and in the event of a Mandatory Destruction for program compliance from failing pre- and/or post-harvest lab results. **Refer to Program's 2021 Sampling & Testing SOP.**
- This request form is **due at least 15 days prior to destroying any industrial hemp material.**
- This request is intended for **ONE planting street address**. If you have other street addresses with hemp material or plots that need to be destroyed, fill out this request form for each additional street address.
- Following the submission of this request form, a Department inspector may contact you to schedule an appointment to witness you implement your proposed destruction method.
