208 Plan	Arkansas State Water Quality Management Plan

II. INTRODUCTION

The State of Arkansas presents its Annual Report of the Clean Water State Revolving Loan Fund Program (RLF) for the state fiscal year ended June 30, 2021 (SFY 2021). The RLF consists of project development and the various accounts associated with lending (the Fund), and the Fees and Administrative Account, which is held outside the Fund. It is administered by the Water Resources Development Division (Division) of the Arkansas Natural Resources Commission (ANRC).

Arkansas Development Finance Authority (ADFA) provides accounting and other RLF related financial assistance to ANRC, and the U. S. Environmental Protection Agency (EPA) provides RLF oversight.

III. GOALS AND ACCOMPLISHMENTS

A. Short-term goals and accomplishments:

1. The Division agrees to comply with all requests for data related to the use of the funds for Clean Water as EPA specifies for the Clean Water Project Benefits Reporting database (CBR) and the Federal Funding Accountability and Transparency Act (FFATA) Requirement.

ANRC reported all required data in the CBR and FFATA (ftrs.gov) reporting databases.

2. The Division will promote the RLF program at various conferences and conventions during SFY 2021

ANRC staff attended, presented, or staffed a booth at the following:

- Arkansas Municipal League - Meet the funders - presentation on funding for water & sewer infrastructure
- CIFA workshop - streamlining processes for SRF - virtual presentation
- Beaver Watershed Alliance - alliance speaker series (NPS & Watershed protection)
- AR Municipal League - Special Edition of "Meet the Funders" –
- Emergency Funding for Water Infrastructure Impacted by Recent Winter Weather
- Partnering to Manage Arkansas' Water Resources - virtual presentation
- Arkansas Society Professional Engineers (ASPE) Conference - virtual presentation
- AR Municipal League-ARPA Clarification on Water & Sewer Infrastructure -virtual presentation
- AR Municipal League - Annual meeting – virtual presentation
- Hypoxia Task Force - CWSRF NPS Ag Loan Program overview -virtual presentation.

During the SFY 2021, ANRC engaged in several SRF marketing opportunities such as water and wastewater conferences, association meetings, conventions, summits, and conferences. These events allowed direct and personal presentations enabling ANRC to showcase the SRF program with the borrowing sector. These various summits and association conferences allowed ANRC to strategically interact with potential borrowers including engineering firms, city officials, and utility decision-makers.

Additional marketing strategy has included making personal visits to municipalities and utilities as well as telecommunications to prospective clients informing them the SRF program is a well-established and economical funding vehicle to utilize, resulting in cost savings for their customers.

The impacts of COVID-19 on outreach opportunities has been variable, some opportunities have increased because virtual opportunities have become available. On the other hand, some of the larger conventions were cancelled in the last four months of SFY21.

3. *The Division will submit the Intended Use Plan in order to apply for the federal cap grant within the first year that funds are appropriated.*

The Division submitted the Draft SFY2021 IUP in August 2021.

4. *Arkansas anticipated nineteen (19) binding commitments for a total of \$107.4 million.*

Of the nineteen (19) RLF project agreements listed on the 2021 IUP fundable list, ten (10) bond purchase agreements, along with an additional four (4) projects not listed on the fundable list for a total of \$87,292,720 were signed during SFY 2021 ([Chart 1](#)). This is an improvement from SFY 2020 \$61.4M and is also the 3rd highest amount in annual assistance for the program..

One (1) project was withdrawn, and nine (9) project agreements were unsuccessful in meeting required milestones, which prevented their ability to proceed to the bond purchase agreement and loan closing prior to June 30, 2021.

1. The Flippin project (2 agreements) opened bids in October 2021 and is expected to sign binding commitments within 90 days of bid opening.
2. The Dumas project (2 agreements) signed binding commitments on 9/30/2021.
3. The Austin project opened bids in October 2021 and is expected to sign binding commitments within 90 days of bid opening.
4. Cave Springs elected not to proceed with the project and funding.
5. The Taylor project is still working to complete the required milestones prior to signing a bond purchase agreement and loan closing
6. The Crossett project is still working to complete the required milestones prior to signing a bond purchase agreement and loan closing
7. The Septic Tank Program – Buffalo River Watershed is on hold pending review of the two active pilot programs.

5. *Arkansas anticipated at two (2) projects that would meet the add sub requirements*

Of the projects listed on the 2021 IUP fundable list for additional subsidy, three (3) were able to proceed to a bond purchase agreement and loan closing. The Division disbursed \$694,971.10 of federal funds for Additional Subsidization for the Dover, Jasper, Lewisville, Ozarks Water Watch and Wilma projects during SFY 2021 ([Chart 4](#)).

6. *Arkansas anticipated at least six (6) projects that included components that meet green project reserve requirements.*

Of the six (6) projects listed on the 2021 IUP fundable list for green project reserve, three (3) were able to proceed to a bond purchase agreement and loan closing; NACA, Runyan SID #211 and Searcy. The Cave springs project was withdrawn, and the Crossett and Taylor projects were still working towards loan closings. The Division disbursed \$38,022,448.20 for Green Project Reserve in State Fiscal year 2021 ([Chart 4](#)).

7. *Arkansas plans to increase public knowledge of the CWRLF through social media with examples of program success stories. Arkansas also plans to promote the CWRLF by seeking opportunities and providing incentives to promote the CWRLF, along with participation in two to four public conferences.*

Several loan closing meetings, and other program related item were posted on the Agency Facebook page in SFY2021. However, due to the impacts of the pandemic and staff turnover the social media presence was not as large as planned.

In addition to the social media presence, Division staff presented at a few virtual and in person meetings or conferences during SFY 2021. However, this is a shorter list than usual due the restrictions of pandemic.

- Arkansas Municipal League - Meet the funders - presentation on funding for water & sewer infrastructure; 8/5/2020 -
 - Beaver Watershed Alliance - alliance speaker series for NPS & Watershed protection; 2/18/2021
 - AR Municipal League - Special Edition of "Meet the Funders" - Emergency Funding for Water Infrastructure Impacted by Recent Winter Weather; 2/25/2021
 - Partnering to Manage Arkansas' Water Resources; 3/8/2021
 - Arkansas Society Professional Engineers (ASPE) Conference; 4/1/2021
 - AR Municipal League-ARPA Clarification on Water & Sewer Infrastructure -virtual presentation; 6/2/2021
 - AR Municipal League - Annual meeting – Program and funding overview; 6/17/2021
 - Hypoxia Task Force - CWSRF NPS Ag Loan Program overview; 6/17/2021.
8. *Arkansas plans to reach out to municipalities on the compliance list, available through Enforcement and Compliance History Online (ECHO), to offer information not only on funding opportunities, but assistance with the application process. The intention of application process assistance is to reduce challenges and provide positive applicant response.*

Unfortunately, due to staff turnover, progress on this goal was unachievable.

9. *The program has an approved work assignment for streamlining assistance, under an existing EPA contract. The assessment and corresponding final report will be completed no later than October 31, 2020*

The final program management report was received in February 2021. Several components of the report were useful in the streamlining process. However, the report was not received in time to assist in modification of processes and procedures for implementation of the new loan and project software. The software is scheduled to implement state funded programs in October 2021 and the SRF programs in January 2022. In addition to the management report, an updated PPL process and list was proposed and ultimately implemented with the SFY2022 IUP. A total of \$62,500 of federal funds, EPA in-kind, was expended in SFY 2021 for this contract.

10. *The program will review the final report resulting from #9 and consider an additional work assignment, under an existing EPA contract, to assist with implementation activities defined in the report*

Currently, the Division is not considering an additional work assignment.

B. Long-term Goals and Accomplishments:

1. *Achieve statewide compliance with Federal and State water quality standards by providing both traditional, low interest rate loans and innovative assistance to make affordable wastewater treatment projects and other eligible environmental improvements available to Arkansas communities and other qualified recipients.*

The Water/Wastewater Advisory Committee (WWAC), the Division and the Arkansas Department of Environmental Quality (ADEQ) continue to work together to address Clean Water Act compliance issues. The WWAC is a body composed of representatives from four State Agencies and United States Department Agriculture-Rural Development. It was established by the Governor of the State to coordinate state and federal funding, provide technical feasibility and regulatory reviews. WWAC members work together in coordinating funding and extending water quality standards and compliance. It also provides a forum to communicate the availability of RLF funding to cities and communities.

ANRC reviews the rates annually, reviewing market interest rate trends to determine if RLF lending rates should be adjusted. The servicing fee is currently set at 1.0%; the interest rate is the difference between the Lending Rate and the servicing fee. The servicing fee is the same for all projects, so the interest rate changes as the Lending Rate changes. Due to the falling interest rates, on August 30, 2019, ANRC set the lending rates as follows:

- 1.00% for a ten (10) year repayment period (0% interest, 1% fee)
- 1.75% for a twenty (20) year repayment period (0.75% interest, 1% fee)
- 2.25% for a thirty (30) year repayment period. (1.25% interest, 1% fee)

Arkansas varies the Lending Rate in this manner to encourage repayment of the loans as quickly as possible to make funds available in the Clean Water State Revolving Fund program to fund additional projects. The 1% service fee is placed into an account which is outside the Clean Water State Revolving Fund.

The Division continues to work with financially distressed communities to determine their best repayment option: user rates, sales tax, or a combination. When appropriate, recommending communities apply to other state or federal agencies that provide grants or alternative repayment terms.

2. *Progress toward achievement of our long-term water quality compliance goal by achieving initiation of operation on projects in a timely manner.*

Document submittals are reviewed monthly by Project Administrators and Project Engineers for each loan verifying reimbursement(s) are eligible and within scope of the project. Project Engineers typically conduct monthly on-site inspections on active construction projects. eleven (11) assistance agreements in SFY 2021 initiated operations, including pass through and linked deposit agreements.

3. *Maintain the purchasing power of the CWRLF into perpetuity through sound and effective administration and fiscal management.*

Perpetuity of the Revolving Loan Fund through successful management is shown in part by financial indicators in this report. In addition, EPA designated financial indicators for the RLF are portrayed in [Chart 7](#) (financial indicators). ADFA financial indicators are portrayed in [Appendix B](#) (financial statements) and [Appendix C](#) (capacity model). Data for [Chart 7](#) came from the National Information Management System (NIMS) now the new EPA Database and unaudited financial data provided by ADFA.

ACCOMPLISHMENTS

A. Financial Status

1. Binding Commitments

Arkansas considers an executed bond purchase agreement to be a binding commitment on the loan closing date. Twelve (12) Section 212 binding commitments for \$84,800,449 and two (2) Section 319 binding commitments for \$2,000,00 were signed in SFY 2021.

Cumulative binding commitments now total just over \$1.03 billion, of which approximately \$960 million is for Section 212 projects, \$71.8 million is for Section 319 projects.

2. Projects Bypassed

Entities listed ahead of the projects funded in SFY 2021 were ineligible due to an inability to repay, elected not to proceed, opted to use a different funding source, or were not ready to proceed. ANRC has adequate funds available; therefore, a project that was bypassed may return and receive funding in the future.

3. Sources and Uses of Funds

The source of funds for SFY 2021 totaled just over \$117 million and included funds available from the 2019 and 2020 federal cap grants, principal and interest on loan repayments, interest on investments, and State Match ([Chart 6](#)).

4. Investments

During the year, investments were made by the Arkansas Development Finance Authority and consisted of excess account balances invested in governmental funds. ([Appendix B](#)).

5. Leveraging of the Clean Water State Revolving Fund

The Clean Water State Revolving Fund was leveraged for the first time in 1991 and last leveraged in 2011. Arkansas leverages periodically to increase the funds available for assistance. Arkansas did not leverage the Drinking Water program in SFY 2021.

6. Disbursements and Guarantees

During the fiscal year, ANRC disbursed over \$46 million to loan recipients ([Chart 4](#))

7. RLF Audit – State Fiscal Year 2020

An audit of the RLF for fiscal year 2021 is in process by Frost, PLLC Certified Public Accountants. A copy of the finalized audit report will be provided to EPA upon receipt.

8. Financial Statements – State Fiscal Year 2021

The financial statements for the RLF are prepared by ADFA. See [Appendix B](#) for financial statement charts for fiscal year 2021.

B. Provisions of the Operating Agreement/Conditions of the Grant.

The State of Arkansas agreed to comply with the following conditions in the Operating Agreement.

1. Instrumentality of the State

The State of Arkansas established a revolving loan fund under State Legislation enacted by the Arkansas General Assembly. A copy of the legislation is attached to the Operating Agreement.

2. Payment schedule

Payments have been received from EPA's payment system in accordance with the payment schedule included in the grant awards ([Chart 2](#)).

3. State Matching Fund

Arkansas will expense State Match for a Cap Grant before requesting federal funds. State match will be deposited on or before the date on which the State receives each payment from the grant award.

The state match can be funded from the Administrative Fees (administrative account) which is outside the CWRLF and a grant from the State General Obligation Bond Program. The 2020 Cap Grant state match was funded from the GO Bond account.

Deposit Date	State Match Amount	Funding Source	Cap Grant	Payment Date	Project Description	State Match Disbursed	State Match Balance
10/29/2020	1,988,438.31	Go Bond Grant	2020				
10/29/2021	90,561.69	Admin Fee Acct	2020				2,079,000.00
				10/30/2020	Little Rock # 13	(1,290,437.00)	788,563.00
				10/30/2020	NACA (pay 2)	(166,685.00)	621,878.00
				10/30/2020	North LR #7 (pay 46)	(150,594.00)	471,284.00
				10/30/2020	West Fork #4 (pay 6)	(471,284.00)	0.00
Totals:	\$2,079,000.00					(\$2,079,000.00)	

4. Commitment of 120% within one year

The required cumulative binding commitment total, through June 30, 2021, is \$346,578,066. As of June 30, 2021, the Fund has cumulative binding commitments totaling \$960,822,091 for approximately 277% of the requirement ([Chart 2](#)).

5. Timely expenditure

All funds were expended as quickly and efficiently as possible to facilitate the financing of eligible activities and, where applicable, to initiate construction with a minimal delay. At the conclusion of SFY 2021, June 30, 2021, ANRC has two (2) cap grants with funds unspent, the 2019 and 2020 Cap Grants. The 2019 Cap Grant was awarded on September 17, 2019. ANRC is working to expend the remaining funds as soon as possible. However, this may be contingent upon the projects with principal forgiveness proceeding as expected and meeting project milestones.

6. Enforceable requirements of the Act

The status of the National Municipal Policy (NMP) projects will not be affected by the work completed. All Section 212 projects listed on the NMP List have been:

- (a) previously funded, or
- (b) in compliance, or
- (c) on an enforcement schedule, or
- (d) have an enforcement action filed

7. Title VI requirements

Revolving Loan Fund administrative procedures were revised to require specific certifications necessary to meet Title VI requirements. Certifications are part of our project files and are available for review.

8. State Laws and procedures

The ANRC Clean Water RLF has complied with the necessary State laws and procedures as set forth in ANRC Title XVI.

9. State Accounting and Audit procedures

As required by Section 606(a), the State of Arkansas has established fiscal controls and accounting procedures appropriate to assure sound accounting practices and to produce financial statements that are presented fairly in all material respects in accordance with generally accepted accounting principles. The RLF accounting period is the same as the State Fiscal Year, July 1 to June 30.

10. Revolving Loan Fund Recipient Accounting and Audit procedures

As required by Section 602(b)(9), The State must require assistance recipients to maintain project accounts according to Generally Accepted Accounting Principles (GAAP) as issued by the Governmental Accounting Standards Board (GASB). This provision requires assistance recipients to use standards relating to the reporting of infrastructure assets. The most recent applicable standard is GASB Statement No. 34 (GASB 34), issued in June 1999, which details governmental reporting requirements including standards for reporting of infrastructure assets. Further details on the requirements, as well as the full text of GASB 34, can be obtained through the GASB.

This requirement is being implemented through a condition in the bond purchase agreements.

11. Annual Report

Submittal of this report will maintain compliance with this condition.

12. Environmental Review (35.3140)

Arkansas performed a “NEPA-like” environmental review for all projects. These reviews were performed in accordance with the approved SERP as prescribed in 40 CFR section 35.3140. Reviews are performed on all projects prior to the start of construction.

13. Intended Use Plan (IUP)

The Clean Water RLF IUP for SFY 2021 was submitted to EPA, Region 6, in September 2021.

14. Repayment Fund

Per the Statement of Combined Cash Flows ([Chart 11](#)) loan repayments deposited to the Fund during the fiscal year totaled \$18,926,36 of which \$13,604,286 was principal and \$5,322,075 was interest.

15. Consistency with Planning

All 212 projects complied with the water quality management plan of the state (208 Plan).

16. Other Federal Activities

The RLF complied with all applicable Federal authorities, including those referenced in 40 CFR, Part 35, Subpart K.

17. Fair Share Objectives (MBE – DBE)

The State applied the six affirmative steps described in 40 CFR, Section 33.301, in an effort to achieve the negotiated fair share objective.

Documentation to support the good faith efforts are closely reviewed by the Division DBE Coordinator. All construction project bid packages as well as procurement of professional services, supplies and equipment purchases are closely monitored to determine if the affirmative steps were followed. These documents are maintained in the Division's Environmental Specialist's files, or the project file maintained by the project administrator. All required reports were submitted to EPA offices on or before the due date:

Reporting period October 1, 2020 to September 30, 2021:

4B. Total Procurements & MBE/WBE Accomplishments This Reporting Period (in dollars)

	Construction	Non-Construction	Total
Total Procurement:	\$ <u>3,818,694.00</u>	\$ <u>651.00</u>	\$ <u>3,819,345.00</u>
MBE/WBE Combined Procurement:	\$ <u>577,835.39</u>	\$ <u>206,029.34</u>	\$ <u>783,864.73</u>

18. Davis Bacon 602(b)(6)

All projects funded with Clean Water RLF funds are required to include the Davis Bacon Provision as defined in the capitalization grant conditions. ANRC staff monitors each project through planning, bidding, contracting, and construction to ensure that these provisions are met.

19. Fiscal Sustainability Plan (FSP)

The FWPCA section 603(d) (1) (E) requires a recipient of a loan for a project that involves the repair, replacement, or expansion of a publicly owned treatment works to develop and implement an FSP. Since Arkansas does bond purchase agreements, we do not require our borrowers to implement an FSP.

20. Use of Fees Section 602(b) (12)

Any fees charged by Arkansas to recipients of assistance that are considered program income will be used for the purpose of financing the cost of administering the fund, financing projects or activities eligible for assistance from the fund or state match for capitalization grants.

Arkansas deposits these fees into an account that is held outside the CWRLF. On June 30, 2021, available funding in this account totaled just over \$16.5 million.

21. Projects and Activities Eligible for Assistance Section 603 (c)

The amount of funds available to Arkansas CWRLF shall be used only for providing financial assistance. The FWPCA section 603(c) provides the project types eligible for CWRLF assistance.

22. Loan Terms Section 603(d)(1)(A)&(B)

Arkansas can extend bond purchase terms up to 30 years but must not exceed the useful life of the project. The 30-year term must be in compliance with condition (A) and (B) of the aforementioned section.

23. Administrative Costs Section 603(d)(7)

Arkansas used an amount equal to four percent (4%) of cap grant funds for payment of administrative expenses, and any additional administrative costs were paid from the fees and administrative account which is outside the CWRLF. In addition, 62,500 expended in EPA in-kind funds

24. American Iron & Steel Section 608

All projects funded with Clean Water RLF funds are required to include the American Iron & Steel Provision as defined in the capitalization grant conditions. ANRC staff monitors each project through planning, bidding, contracting, and construction to ensure that these provisions are met.

25. Definition of 212 Projects Section 212(2)(A)

The FWPCA expands the definition of treatment works to include acquisition of the land that will be an integral part of the treatment process (including land use for the storage of treated wastewater in land treatment systems prior to land application) or will be used for ultimate disposal of residues resulting from such treatment and acquisition of other land, and interests in land, that are necessary for construction. Arkansas defines an application as having all information necessary to conduct an analysis of the project. Once the analysis is completed, the project is presented to the Arkansas Natural Resources Commission for approval. After approval, Arkansas considers this to be a complete application. Arkansas does not consider the first submittal of an application form to be a complete application.

IV. PROGRAM IMPROVEMENTS

ANRC intends to leverage the federal capitalization grant and state match funds as loan demands dictate.

V. HARDSHIP GRANT

ANRC's only hardship grant allocation of \$1,032,300 was fully expended during fiscal year 2002 and details were reported in the SFY 2002 Annual Report.

VI. ENVIRONMENTAL BENEFITS REPORTING

ANRC complied with reporting requirements regarding environmental benefits, using the Clean Water Benefits Reporting (CBR) Database or the new EPA database. This reporting was done after loan closing. Data entered included additional subsidization, GPR components, general data elements and environmental benefits. SFY 2021 loans were reported in CBR based on the loan closing amounts and closing dates.

VII. ARKANSAS AGRICULTURE WATER QUALITY LOAN PROGRAM

Arkansas Agriculture Water Quality Loan Program (AWQLP) is a linked deposit program. The Program works with community financial institutions to provide a source of low-interest financing for conservation practices to reduce non-point source (NPS) impacts on water quality in Arkansas counties. The financial institution evaluates credit worthiness of the applicant, including collateral. ANRC program funds are not loaned to the applicant, the financial institution's funds are. ANRC and local financial institutions provided 492,271 in low interest funding for three (3) projects implementing conservation best management practices for agricultural croplands in SFY 2021. Cumulative binding commitments total \$71,805,171.

The projects implementing best management practices in SFY 2021 were located in three Arkansas counties and implemented several best management practices.

Description	Funded	Percentage
Land Level	251,105.00	51.01%
No Till (328)	241,166.00	48.99%
Totals:	492,271.00	100.00%

Funding by County	
County	Total Loans
Arkansas	95,166.00
Jackson	146,000.00
Lonoke	251,105.00
Total	492,271.00

(1) Effective interest rate represents total loan rate less 1.0% of Admin Fees.

(2) Future leveraged loan totals represent the projected future bond par amount less cost of issuance expenses which have been estimated at 1.50%. Preliminary, for discussion purposes only.

(3) Inflation rate estimate.

Note: Scenario assumes all currently outstanding Direct Loans are pledged to bond debt service. Excess coverage will recycle to equity for funding of additional pledged Direct Loans.

Proof of Perpetuity in Final Year:	6/1/2062
