## **Arkansas Department of Agriculture Announces New Website Calendar Feature for Agriculture Events**

**LITTLE ROCK, AR** – The Arkansas Department of Agriculture (Department) is pleased to introduce a new interactive calendar feature on the Department website. This feature allows producers, industry stakeholders, and members of the public to submit events to be included in the calendar.

“The new calendar feature will provide a reliable resource for industry stakeholders as well as interested individuals on upcoming events that promote all aspects of Arkansas’s agriculture industry,” said Arkansas Secretary of Agriculture Wes Ward.

The new feature allows a user to submit an event to be considered for placement on the Department website calendar. In addition to filling out the date(s) and time(s), users can also provide location information, location maps, a link to the event website, and provide additional information such as organizer contact information and registration costs.

All submitted calendar entries are published on the Department webpage upon approval. To submit an event for consideration, visit [mip.agri.arkansas.gov/agtools/Calendar/Home/Submit\\_Event](http://mip.agri.arkansas.gov/agtools/Calendar/Home/Submit_Event). To view the Department’s calendar of events, visit [mip.agri.arkansas.gov/agtools/Calendar/Home/Month](http://mip.agri.arkansas.gov/agtools/Calendar/Home/Month). For additional questions, contact Amy Lyman at [amy.lyman@agriculture.arkansas.gov](mailto:amy.lyman@agriculture.arkansas.gov).

The Arkansas Department of Agriculture is dedicated to the development and implementation of policies and programs for Arkansas agriculture, forestry, and natural resources to keep its farmers and ranchers competitive in national and international markets while conserving natural resources and ensuring safe food, fiber, and forest products for the citizens of the state and nation.
