“ Simple justice requires that public funds, to which all taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes, or results in racial discrimination. ”

— President John F. Kennedy, in his 1963 message calling for the enactment of Title VI of the Civil Rights Act

Who is required to comply with Federal Civil Rights laws?

If you receive Federal funds or assistance from the Forest Service such as a grant or agreement, by law you must provide equal opportunity for all people to participate in the programs and activities you offer. For example, you should not deny or exclude anyone from programs, services, aids or benefits. Also, you must not retaliate in any manner against a person who files a complaint or opposes any unlawful or discriminatory practice. The back of this brochure shows Federal Civil Rights laws that apply.

This brochure provides a basic overview of your responsibilities for ensuring nondiscrimination in the delivery of your programs and activities to the public on bases covered by federal law. These bases include race, color, national origin, sex (in educational programs or activities), age, and disability.

What are some types of Federal funding and assistance?

- Federal monies given by grants, sub-grants, cooperative agreements, challenge cost-share agreements, cost-reimbursable agreements, or loans
- Training presented by a Federal agency
- Loan/temporary assignment of Federal personnel (e.g., a Forest Service employee instructing a course at a local university)
- Loan or use of Federal property at below market value

Are you a recipient of Federal funding and assistance?

You are a “recipient” if, through a partnership with the Forest Service, you receive Federal funding or assistance (either directly or through another recipient) to conduct a program you offer to the public.

Recipients include:

- Any individual receiving Federal funding or assistance
- A State or local government
- American Indian or Alaska Native individual, Tribe, corporation, or organization
- Any public or private agency, institution, or organization (e.g., university, college, or non-profit)

What are your responsibilities for complying with Federal Civil Rights laws?

As a partner with the Forest Service, your responsibilities for complying with Federal Civil Rights laws include, but are not limited to:

- Signing an assurance certifying that you will comply with Civil Rights laws. If you have sub-recipients, obtain a signed assurance from them. An example of a sub-recipient is a local community organization receiving a sub-grant from a state forestry agency.
- Displaying the “And Justice for All” U.S. Department of Agriculture poster (AD-475C) in your public reception areas or other areas visible to the public. Contact your Forest Service office to obtain copies.
- Including the following statement about nondiscrimination and how to file a complaint in your publications and outreach materials:

“In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability. (Not all prohibited bases apply to all programs.)”

To file a complaint of discrimination: write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington,

D.C. 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.”

If the publications or materials are too small to permit the use of the full statement, at a minimum include the following statement, in print size no smaller than the text: *“This institution is an equal opportunity provider.”*

- Including in any of your publications and outreach materials related to a grant or agreement project, a statement of affiliation with the Forest Service, e.g., *“This publication made possible through a grant from the USDA Forest Service.”* OR *“This research was conducted in cooperation with the USDA Forest Service.”* OR *“This research was funded by a grant from the USDA Forest Service.”*
- Providing program information in alternative formats for people with disabilities and in alternative languages for people with limited English proficiency, as appropriate to your customer base.
- Identifying a person to be responsible for ensuring your program is in compliance with Civil Rights requirements.
- Reviewing all your policies, procedures, and practices to ensure that they do not limit participation on the basis of race, color, national origin, age, disability, or sex (in educational programs and activities).
- Evaluating the accessibility of your programs and facilities. If they are not now accessible, develop a transition plan for making them accessible and then carry out the plan as appropriate.
- Ensuring that your staff understands their Civil Rights responsibilities including their role in the USDA complaint process.
- Providing outreach to a wide variety of communities to ensure diversity if you advertise or market your program.
